

2013 Early Childhood Profile

Pike County

The Early Childhood Profile is produced by the Kentucky Governor's Office of Early Childhood in partnership with the Kentucky Center for Education and Workforce Statistics (KCEWS).

Kindergarten Readiness

Kindergarten readiness means that each child enters school ready to engage in and benefit from early learning experiences that best promote the child's success.

IMPORTANT NOTES ABOUT KINDERGARTEN READINESS DATA

Academic year 2012-2013 was a pilot year for kindergarten readiness screening. Not all districts and not all schools participated in screening incoming kindergarten students.

Schools in the county that participated in the screening	14
Kindergarteners in the county that were screened	823
Kindergarteners in the state that were screened	31,480

- Fields in this section and in the graph below may be blank if schools did not participate in readiness screenings or if the number of Kindergarteners who were screened are fewer than 10.
- Readiness screening of incoming kindergarteners will become mandatory for all schools next year. Since it was not mandatory this year, comparisons between the two years will not yield valid results.
- Future profiles will include data about the "prior settings" of incoming kindergarteners. Prior settings means where the student was prior to kindergarten; State-funded preschool, Head Start, Home, Child care, other.
